BY FITZROVIA

Company Overview

Our mission is to completely reimagine how people live.

Fitzrovia is proud to lead the future of rental living, feeling more like a premium hotel than your average apartment building, and acting as a vibrant backdrop for their residents. They oversee every facet of their buildings, from construction and design to hiring and training their exceptional staff. They are on a mission to universally reinvent the rental housing experience.

MARLOW

Bloor + Dufferin

PROJECT OVERVIEW

The Marlow masterplan is a community-oriented, pedestrian-first, mixed-use development located on the south west corner of Bloor and Dufferin. The development is envisioned as a world-class example of urban design that prioritizes vibrant community spaces and the preservation of the neighbourhood's rich heritage components. The master plan in partnership with Hazelview will feature more than 2,000 residential units, including 56 designated as affordable housing. It will also introduce a new private road and expansive open spaces. With a direct connection to the TTC via an underground tunnel from Dufferin Station, residents will enjoy seamless access to public transit.
